

Jasmine Imtiyaj Sayyad

Pre-final Year Undergraduate | Computer Science and Engineering

 [jasminesayyad](#)  jasmine.sayyad@walchandsangli.ac.in  7507303673  Sangli

Education

Walchand College of Engineering, Sangli Btech Computer Science and Engineering	(2022-2026) CGPA 8.81
Jubilee Junior College, Miraj HSC	88.5%
Jubilee English Girls School, Miraj SSC	97%

Key Projects

TenderBus A Smart Tender Management System - (MERN stack)

- Designed an intelligent platform to streamline tender processes and ensure transparency at every stage.
- Features real-time notifications, automated bid evaluations, and a secure environment for efficient management.

QR-Based Ticketing System - (MERN stack)

- Created a QR-based ticketing system with crowd prediction to optimize visitor experience and management at museums.
- Replaced paper tickets with digital QR codes, reducing costs and improving visitor tracking.

WCE ACM Student Chapter website - (HTML5, CSS, Javascript)

- Built a responsive website for club using HTML, CSS, and JavaScript to showcase events, members, and contact info.
- Employed CSS Grid, Flexbox, and animations for an interactive, visually appealing, and device-friendly design.

Technical Skills

- Programming Languages:** C++, JavaScript, C
- Web Development:** HTML, CSS, React, Express, Node.js
- Databases:** MySQL, MongoDB
- Development tools:** VS code, Github
- Coursework:** OOP, Operating Systems, DBMS, Computer Networks, Data Structures

Achievements

- VSM Hackathon Winner.
- Solved 600+ coding questions on various platforms.
- MHT-CET Percentile: 99.24
- Successfully conducted sessions on Linked list and stack in DSA Launchpad.

Profiles

Github

Leetcode

GFG

Codechef

Positions of Responsibility
